🎓 EDUCATION

Bachelor of Electronics and Communication Engineering

2013 – 2017 | India

👛 PROFESSIONAL EXPERIENCE

Mern full stack developer

Legend tech solutions

10/2024 – Present | India | Remote

- Designed, developed, and maintained full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Developed secure and scalable RESTful APIs following MVC architecture.
- Implemented JWT-based authentication and authorization for secure user access.
- Built responsive and user-friendly front-end interfaces using React.js, JavaScript (ES6+), Redux Toolkit, and Bootstrap.
- Managed application state using React Hooks and Redux Toolkit.
- Integrated front-end and back-end components using Axios for API communication.
- Designed and managed MongoDB schemas using Mongoose and performed CRUD operations.
- Handled middleware, error handling, and input validation for APIs.
- Used environment variables (dotenv) for secure configuration management.
- Performed debugging, testing, and performance optimization.
- Used GitHub for version control, code management, and collaboration.
- Collaborated with UI/UX designers, QA teams, and product managers to deliver high-quality solutions.

Web developer

Mclansys solutions private limited

12/2019 – 05/2021 | India

- Developed and maintained web applications using HTML, CSS, JavaScript, and PHP.
- Designed and managed backend functionality using SQL databases (MySQL).
- Wrote SQL queries for data insertion, retrieval, updates, and deletions.
- Integrated front-end components with SQL-based backend systems.
- Performed database maintenance, debugging, and query optimization.
- Tested applications and resolved bugs in local development environments.
- Collaborated with team members to ensure smooth front-end and back-end integration.

PROJECTS

Student fees management

- Admin Authentication
- Fees Structure Management
- Student Management
- Payment Tracking
- Dashboard
- Responsive UI

User Expenses

- User Authentication
- Expense Management
- Expense Summary
- Filter & Search
- Data Visualization
- Responsive Design

- Worked on product-based web projects following best coding practices.

SKILLS

Frontend Technologies:

React.js, Javascript(ES6+), HTML5, CSS3, Bootstrap, Redux Toolkit, React Router, Axios

Backend Technologies:

Node.js, Express.js, Restful APIs, JWT Authentication

Database:

MongoDB, Mongoose, MySQL, SQL Queries, CRUD Operations, Aggregation(Basic)

Tools & Platforms:

GitHub, Postman, Vs Code

Other Skills:

Responsive Web Design, API Integration, Error Handling, Debugging, performance Optimization

INTERESTS

- Painting
- Cooking
